Chicago Merchant Hits the I The National War Savings Committee Section on National Organization has issued the following statement by Julius Rosenwald,

Chicago Merchant: "The way for an individual, for a business, for a nation to get along is to work and save. If saving is necessary in normal times, how much more necessary is it in a time like the present. Saving by everyone is as imperative for the winning of this war as is the mobilizing of armies; more than that, the mobilizing of armies is entirely futile if this military step is not accompanied by the rigorous, con sense saving of the nation.
